REAL WORLD CATTLE FOR REAL WORLD CATTLEMEN

www.douthitherefords.com

1805 RS 115

St. Francis, KS 67756

Welcome

Dear Fellow Cattlemen and Cattlewomen,

Thank you, thank you for being our mentors, our customers, and our teachers. As we navigate this difficult year in ag we are thankful for everyone that has helped make our operation more efficient and moving forward. Every day we strive to improve our herd in terms of genetic quality which ultimately affects feed efficiency, longevity, and our bottom line. We listen closely to hear what our customers are needing and work endlessly to provide them a product that will help move their programs forward.

We are in constant pursuit of genetics that will complement our cow herd. In 2018, we purchased LW 3006 Advance 730E ET with great anticipation of his first calf crop. They are everything we had hoped for, as they have low birth weight, explosive growth, and are short marked. We are proudly offering yearling bulls for sale by this young sire.

In January we will again be at the National Western in Denver, CO. We will have a sample of our two-year-old bulls for sale. All the cattle will be sold private treaty on the ranch or at the National Western on a first-come, first-serve basis. We invite you to come to the ranch and view the cattle. We look forward to reconnecting with old customers and meeting new cattlemen in the upcoming year.

Sincerely,

Douthit Herefords

Chuck, Megan, and Walter

About the Sale

All cattle are sold on a first come, first serve basis.

A 50% deposit will hold the animal(s) until delivery with the remainder due upon receiving possession of animal(s).

We will diligently work with you on delivery.

We will keep all animals sold for over \$5,000 free of charge until delivery, animals sold for less than \$5,000 there is a \$2/day/hd yardage fee.

Bulls are all fertility, trich and BVD tested prior to leaving our possession.

We highly encourage insurance on your purchase.

If a heifer doesn't settle during her first breeding season, we retain the right to bring the female back to our ranch and attempt to breed her for six months before we consider her a non-breeder. If after the six months are complete and she has not settled a replacement of comparable value will be issued to the buyer.

Bulls are guaranteed breeders for their first 90-day breeding season. If the bull is unable to settle cows during this time, credit will be given on a replacement bull. We must be notified immediately if this occurs.

We offer volume discounts on bulls, heifers and semen.

Our Program

All animals are developed with longevity and soundness in mind. We do this by developing them on a high roughage diet, calves have NEVER been given creep, are on a mineral program (Vitaferm) and all rations are developed by Dr. Day with these ideals in mind. The cattle for sale are adequate in their condition but not excessive. We feel that their genetic merit can be determined with a moderate energy ration.

The cattle are on a vet recommended vaccine and deworming protocol. We utilize professional advice from Dr. Tom Svoboda and Republican Valley Vet Clinic and feel they are critical in keeping our cowherd healthy and productive.

- A full brother to the high-selling bull in 2017. This bull is just as tremendous. He checks all the boxes from his phenotype, to his data and EPD profile. His dam has a BW ratio of 92, WW ratio of 113 and a YW ratio of 107 all the while having the BEST udder of any cow we have had in our herd. This bull's ultra sound data also pushes him to the top of the pack as he had the largest REA and the second-highest IMF out of this calf crop. Don't miss this herd changing sire!

VitaFerm® Concept-Aid® is a line of vitamin and mineral supplements for beef cattle formulated to promote effective, easy breeding when fed 60 days pre-calving through 60 days post-breeding. High concentrations of vitamin E and organic trace minerals, coupled with the Anadern® advantage, supports quick repair of the reproductive tract and more energy for reproductive success. Additionally, increased nutrient absorption and digestion leads to healthier and heavier calves giving you performance that pays.

AVAILABLE FORMULAS

- Concept-Aid® Balancer, no phosphorus, 50 lb. bag
- Concept-Aid® 5/S, 5% phosphorus, 50 lb. bag
- Concept-Aid® 5/S AURO 3G, 5% phosphorus, 50 lb. bag
- Concept-Aid® 5/S IGR, 5% phosphorus, 50 lb. bag*
- Concept-Aid® 5/S AURO 3G IGR, 5% phosphorus, 50 lb. bag
- Concept-Aid® 5/S MOS, 5% phosphorus, 50 lb. bag
- Concept-Aid® Mag/S, 5% phosphorus, 50 lb. bag
- Concept-Aid® B/S, 8% phosphorus, 50 lb. bag
- Concept-Aid® 10, 10% phosphorus, no added salt, 50 lb. bag
- Concept-Aid® Mineral Tub, 2.5% phosphorus, 200 lb. tub
- Concept-Aid® Protein Meal, 20% protein, 50 lb. bag
- Concept-Aid® Protein Tub, 20% protein, 200 lb. tub

Concept-Aid is one of the most important things we do to ensure the reproductive potential of our cow herd is maximized. And the decision is paying off.

— John McCurry, McCurry Angus Ranch, KS
