Welcome

Fellow Cattlemen and Cattlewomen,

Thank you, thank you, thank you God for giving us this livelihood in ag. We have always been grateful to do what we love, but the year 2020 has added more fuel, passion and gratitude for being involved in ag. The people, the culture, and being able to be outside enjoying Mother Nature even during periods of lock down are priceless for our family. We are blessed.

We are very aware that doing what we love would not be possible without our great customers and friends. We pray the genetics purchased through us are working hard to help other ag entities move forward through these challenging times. That is the ultimate goal for Douthit Herefords, and to meet that goal we have to always be pushing ourselves and our program forward. In the spring of 2019 we made the journey to Upstream and bought what we felt was the most solid bull in the sale, UPS Easy Money 7146. We couldn't be more pleased with the pounds and disposition he is putting on his calves. His first sons are being offered for sale this year. As well, we also count on proven, tried and true genetics and have some senior herd sires' offspring we are offering for sale with confidence.

We have slowly and very carefully integrated some polled genetics into the herd. Through the use of AI thus allowing us to use the top sires in the breed. We want to accommodate our buyers' wishes without compromising quality. We are proud to offer a selection of fine polled bulls for sale.

We are saddened by the news that the National Western will not be held in 2021. The National Western has always been a great time to connect with so many friends, customers and fellow cattlemen. While the cattle won't be available to view in Denver, we invite you to come to the ranch and view the nice set of bulls and heifers we are offering for sale. Every year I am excited to offer the cattle for sale and every year I feel they are better than the year before, and this year is no exception. The bulls are solid and stout made from end to end. We won't be offering any Hereford females for sale this year but we are offering 20 complete black baldie heifers.

We wish all of you a healthy, happy, and prosperous 2021!

Sincerely,

Douthit Herefords

Chuck, Megan,
and Walter

The Douthit Family:

HEREFORDS

Offering: **27** Yearling Bulls, **25** Two-Year-Old Bulls and **20** Commercial Heifers

2021 SALE

All cattle are sold on a first come, first serve basis.

A 50% deposit will hold the animal(s) until delivery with the remainder due upon receiving possession of animal(s).

We will diligently work with you on delivery.

We will keep all animals sold for over \$5,000 free of charge until delivery, animals sold for less than \$5,000 there is a \$2/day/hd yardage fee.

All bulls will have passed a breeding soundness exam and all bulls over 24 months of age will have a current trich test.

We highly encourage insurance on your purchase.

If a heifer doesn't settle during her first breeding season, we retain the right to bring the female back to our ranch and attempt to breed her for six months before we consider her a non-breeder. If after the six months are complete and she has not settled a replacement of comparable value will be issued to the buyer.

Bulls are guaranteed breeders for their first 90-day breeding season. If the bull is unable to settle cows during this time, credit will be given on a replacement bull. We must be notified immediately if this occurs.

We offer volume discounts on bulls, heifers and semen.

OUR PROGRAM

All animals are developed with longevity and soundness in mind. We do this by developing them on a high roughage diet, calves have NEVER been given creep, are on a mineral program (Vitaferm) and all rations are developed by Dr. Day with these ideals in mind. The cattle for sale are adequate in their condition but not excessive. We feel that their genetic merit can be determined with a moderate energy ration.

The cattle are on a vet recommended vaccine and deworming protocol. We utilize professional advice from Dr. Tom Svoboda and Republican Valley Vet Clinic and feel they are critical in keeping our cowherd healthy and productive.

CREW AND FAMILY

Thank you to all who contributed to make this another great year of success.

TWO-YEAR-OLD BULLS

Our group of two-year-old bulls is a set that is range-ready. They are mature enough to withstand an array of environments and herd sizes and will get right to work.

With over 80 years of a proven cow herd, many are out of proven senior herd sires and AI sires that we market with confidence for our program.

Douthit

HEREFORDS

At Douthit Herefords, we believe in our genetics. Listening to what our customers need and each year providing them with the best we can offer to fit their program's needs.

We stand behind our operation's strong genetics, and understand how they work with your individual business. We are excited to help you accomplish your goals to grow your program!

YEARLING BULLS

As we offer these 27 top quality yearling bulls,
we want to highlight the new genetics we have
in this set through UPS Easy Money 7146 and Final Test.

This group of our February bull calves are backed by a solid cow herd
with longevity and will add that longevity and quality to your herd.

- Those of you that saw the powerhouse bull we had on display in Denver in 2019 – this is the full brother! He has all the same power along with a longer and cleaner front end. We retained 728 for in-herd use and he has been nothing but impressive. We made the decision to sell all possession and rights on this bull. He is a true herd sire in the making.

DOUTHIT HEREFORDS

BLACK BALDY HEIFERS

We are offering 20 solid-made, pelvic measured replacement heifers. They are out of Hereford cows and sired by sons of KCF Bennett Absolute and Connealy Final Product. They have been developed with longevity in mind. They are on a high-roughage diet developed by Dr. Day that includes VitaFerm mineral, and are on a complete vaccination and deworming program.

Contact us for details on this nice set of replacements.

DOUTHIT HEREFORDS

NH BN SENSATION 405

HERD SIREs

Bulls that are range ready.

Mature enough to handle an array of environments and herd sizes.

Out of a proven cow herd with 80 years of history to back it.

Many are out of proven senior herd sires that we market with confidence
and some top AI sires as well.
