

2024 Private Treaty Bull Sale

Offering: 31 Registered 2-Year-Old Bulls & 23 Registered Yearling Bulls

Welcome Fellow Cattlemen & Cattlewomen

Dear Customers and Friends,

First and foremost, we would like to thank all of those who have trusted our program and utilized our genetics in their programs. This is an honor, and we are grateful for each of you. We always have our customers in mind, as we select genetics and alter our program, so our bulls will fit our customers' needs.

What a difference a year can make when ranching is your livelihood. Last year we were in one of the worst droughts we had ever experienced, which forced us into making some tough decisions. During that time only the best of the best stayed in the herd and now we are offering their bull calves for sale. They are a solid group of bulls that will fit in an array of different operations.

Fast forward to 2023 and we experienced the wettest summer we have ever seen. We had ample grass for the cattle and the pastures healed from the previous year. What a blessing the rain was for our country. Mother Nature is always throwing us a curve ball and we must constantly be adjusting our program and genetics to meet the demands expected of them.

We invite all of you to come out and visit the ranch and view the cattle. We will, also, be headed to the National Western in Denver for our 81st consecutive year of displaying and selling bulls in Denver. If you can't make it to the ranch, come, see us at the NWSS and see what we have to offer!

Sincerely,

Chuck, Megan & Walter

- We offer volume discounts on bulls, heifers and semen.

Our Program

All animals are developed with longevity and soundness in mind. We do this by developing them on a high roughage diet. Calves have NEVER been given creep and are on a mineral program (Vitaferm). The cattle for sale are adequate in their condition, but not excessive. We feel that their genetic merit can be determined with a moderate energy ration.

The cattle are on a vet-recommended vaccine and deworming protocol. We utilize professional advice from Dr. Tom Svoboda and Republican Valley Vet Clinic and feel they are critical in keeping our cow herd healthy and productive.

Listening to what our customers need
to make their operation a success.
